The following is an examiner's statement of reasons for allowance:

With regard to claims 64, 96, 102 and 103: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious an optical device comprising P inputs, N outputs wherein the device is adapted to generate and process optical codes at one or more wavelengths and adapted to simultaneously generate and process phase and/or amplitude optical codes at one or more wavelengths made of chips with time intervals and transfer function from input to output satisfying the formula in claim 64, in combination with the rest of the claimed limitations.

With regard to claims 65-95, 97-101 and 104: These claims are allowable over the prior art of record because they depend from allowable claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
